Q1)

Palavra em inglês	Falso cognato em português	Significado real
available	Avaliáveis	Disponível
increasingly	Incrivelmente	cada vez mais

Q2)

In workplace, many keep records, analyze data, research manage projects. At home, store picture music, track finances, play game others those just a few possibilities. You also your computer connect, a network that links around. Internet is available for a monthly fee in urban area increasingly, in less populated areas. With, with all over a vast amount. Here some popular things.

Q3)

Usually, new computer users may not know all the resources that a new computer what it is capable of doing and the text talks about many ways and things that you can do typing in a computer's keyboard and how usefull these machines are. Computers make we able to keep records, do reseachers , work and have a great performance in a our job. We can print files , scanner any way..But I think the best tool that a pc has to offer is the acsses internet.Imagine you can talk and make calls using the net at low costs.The Internet is one of the most popular things to access and use on a computer. Therefor certainly is the largest machine of the century but, we must have to use with beware, because great power brings to us a greatest responsabyilit.
